

## Hill End Accommodation Information

Hill End has a variety of accommodation some with showers and toilets inside and some with facilities in separate buildings. There is tent camping plus a mixture of dorm accommodation and smaller shared rooms. The majority of the buildings are wooden or prefabricated and are usually used by school groups on residential trips, so facilities are fairly basic - narrow single beds with one bedsheet and one pillow provided. You will need to bring your own sleeping bag and pillowcase plus towels.

If you require disabled facilities then please choose price band C and indicate this on the booking form.

### Price Band A – Camping (tents only)

There is a large camping field at the bottom of the Hill End site and quite near to the car park. The field is suitable for tent camping only, sorry no campervans or caravans. The field has a toilet and shower block close by plus outside sinks. There will be tea and coffee making facilities around the conference site and access to indoor seating areas for relaxing and chatting.
