To Whom It May Concern

Dear Sirs,

Forest School Provision & Public Liability Insurance

As appointed insurance brokers to the Forest School Association and their members, we have been asked to issue a letter regarding our insurance scheme, which has a Public/Products Liability indemnity of £5,000,000 any one claim, throughout the period of the annual policy.

We have always held the opinion that forest school is an outdoors activity, with a minimal likelihood that more than £5,000,000 in damage could be caused. We therefore feel that an increased limit is unjustified.

Whilst we appreciate that some contractors on local authority lists might require higher limits (eg: Plumbers, Builders, Roofers and others working in sensitive locations etc), we repeat that, in our opinion, an indemnity of £5,000,000 ought to be sufficient for any local authority to ask for in respect of forest school activities.

Yours faithfully

Stuart Rose

Director
